15 January 1962

MEMORANDUM FOR FILE.

SUBJECT: OP Action on Recommendations Contained in IG's Report
of Resignee Interviews Dated 1 August 1961

REFERENCE: Memo to DD/S from D/Pers dtd 2 Jan 62 concerning
same subject

1. Mr. Echols discussed referenced memorandum with the Deputy Director (Support) on 15 January 1962.
2. Colonel White indicated that he did not approve of publishing the proposed Notice on the Employee Motivation Survey but that he did approve our proposal to proceed in the fashion described in the Notice. In this connection, he noted that distributing the proposed Notice to ALL Agency employees would call their attention to it, some of whom might be anxious to be included in such a survey. Since the survey sample represents a relatively small proportion of Agency employees, it is probable that some of these would-be respondents would not be contacted and would consequently feel that the program had not lived up to its publicity, had been a failure, etc. etc. Mr. Echols, in subsequently describing his meeting with Colonel White, indicated his agreement with this position.
